

# NEW PRODUCT ANNOUNCEMENT

What good is an expensive network ventilation system if it can't get to your equipment?

DAMAC enclosures are designed to breathe better and breathe easy, giving your equipment the added cooling it needs. You paid to cool that air so why not use it.

- **Better use of ambient air**
- **Promotes horizontal air flow**
- **Eliminates "chimney effect"**
- **For existing and new installations**

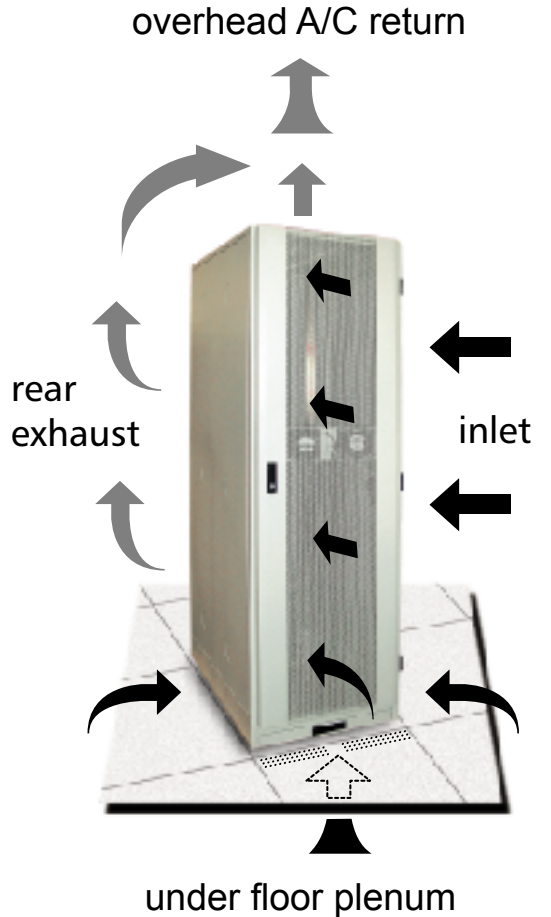

The FloTrac™ system promotes horizontal air flow, boosting the effectiveness of your ambient air and the internal equipment cooling fans. Fan units easily slide to the position of choice along a special channel built into the door, leaving the entire cabinet available for racking. Get your cooling needs on track with FloTrac

FloTrac can be easily added to any DAMAC cabinet before or after installation by simply adding an enhanced FloTrac configured door.

Loosen the locking bolts to allow the fan unit to glide along the door channel to the specific location of the hot spot.

Fan units come complete, ready for installation. Each unit has two 120 VAC/110 CFM fans. Easily add additional fan units by simply bolting them to the door channel.

### Breath Easy

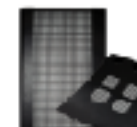

Special air gaps around doors & chassis, open bottom

### Breath Freely

Optimized mesh pattern promoting unrestricted air flow

### Breath Better

A full line of enhanced ventilation options available

## DAMAC FloTrac Ventilation System

Optimized Air-Flow Facilitating Accurate Thermal Management

- **Better use of ambient air**
- **Promotes horizontal air flow**
- **Eliminates "chimney effect"**
- **For existing and new installations**

FloTrac is currently available for DAMAC's Axis, Extreme and Seismic Shelter cabinets. FloTrac part numbers are listed below by cabinet series and include the hi-flo mesh door, FloTrac mounting system and one fan unit. The unique mounting system allows for additional fan units to be installed at anytime as your thermal management needs change. Note that 24" and 28" doors feature a two fan unit standard and 30" doors use a 3 fan unit standard. A 3 fan unit can also be installed in a 28" door if desired.

### AXIS Series Cabinet

PART #	DIM	PRICE
DC7224H-X	72 x 24 x 1	\$475.00
DC7824H-X	78 x 24 x 1	\$495.00
DC8424H-X	84 x 24 x 1	\$520.00
DC9624H-X	96 x 24 x 1	\$620.00
DC7828H-X	78 x 28 x 1	\$570.00
DC8428H-X	84 x 28 x 1	\$595.00
DC9628H-X	96 x 28 x 1	\$695.00

### EXTREME Series Cabinet

PART #	DIM	PRICE
DE7224H-X	72 x 24 x 1	\$495.00
DE7824H-X	78 x 24 x 1	\$515.00
DE8424H-X	84 x 24 x 1	\$540.00
DE7830H-X	78 x 30 x 1	\$635.00
DE8430H-X	84 x 30 x 1	\$665.00

### SEISMIC SHELTER Series Cabinet

PART #	DIM	PRICE
DS7224H-X	72 x 24 x 1	\$475.00
DS7824H-X	78 x 24 x 1	\$495.00
DS8424H-X	84 x 24 x 1	\$520.00
DS7830H-X	78 x 30 x 1	\$615.00
DS8430H-X	84 x 30 x 1	\$645.00

### FAN UNITS - 120 VAC

PART #	DESCRIPTION	PRICE
AD2FTK24	2 fan unit, fits 24" width door	\$130.00
